Ways to Give

Gratitude

The mission of the Winston School San Antonio is to provide a personalized, college preparatory education to students with high potential and identified learning differences. A Winston School graduate is confident, well-rounded, and a life-long self-advocate.

Board of Trustees

The Winston School San Antonio is blessed with an active, engaged Board of Trustees. Board members take an active role in fundraising, volunteering, and with the general oversight of the school. The WSSA board represents a broad spectrum of experience, interest groups, and skill sets.

Chapter 2

This year's Annual Report is focused on the concept of chapters. We selected chapters which are not only defined as the way a book is typically divided or organized; chapters are also used to signify a period of time in a person's life.

Each book starts with a word, then a sentence, then a paragraph is formed. From that, a series of paragraphs become a page and the pages form a chapter. If we look at The Winston School as a book, our first chapter would be entitled, Dr. K.

Dr. Charles "Cha" Karulak retired this past June 30, 2021, after having served as the Headmaster for The Winston School San Antonio since 1989. Dr. K's chapter at Winston is a long and celebrated section. There was laughter, tears, success, and many accomplishments, both large and small. Dr. K's legacy includes hundreds of Winston graduates and their families who continue to thrive because of their time and experiences at Winston. To honor his tenure, the Dr. Charles Karulak Scholarship was established and will provide future Winston graduates financial support for their post-secondary education.

This is not the end of the book, however, because you don't close the book after the first chapter, you

read on. Winston is a tale in the making. We have read the previous chapters and know what makes each paragraph and every page exciting, challenging and life-changing. It is you, the Winston community, that breathes life into this book. Our students, our families, our faculty and staff contribute to the pages we have written. Our community will continue to contribute to the pages that we have yet to write. Today, we turn the page and start a new and exciting chapter in the book that is this magical school, The Winston School San Antonio.

As Winston embarks on the next chapters, we set our sights on the future and the infinite possibilities that exist when there is an established mindset on DREAMS. **Design, Robotics, Engineering, Art, Mathematics and Science.** Our state-of-the-art facilities which include visual and performing art spaces, welding, engineering, woodworking, robotics, and media will serve to expand our students' future

Dear Winston Community,

As our story continues to unfold at The Winston School San Antonio, the 2021-2022 academic school year brought many positive changes under the tenure and direction of Dr. Peri-Anne Chobot, Interim Head of School.

A strategic plan was created to focus on four key areas: Customer Service Culture, Curriculum Enrichment, Technology Enhancement and Training & Development. Best practices have been put in place to achieve the highest level of excellence in each of these areas.

Providing your child with the highest quality learning experience is perhaps the most fundamental and important of all the goals WSSA strives to achieve. The devotion demonstrated by the Board of Trustees, Leadership and the faculty and staff by adapting to meet new challenges and needs, while still preserving what is unique and special to Winston, speaks to the lasting and successful nature of this institution.

Your belief in what can be accomplished is unrivaled. Your consistent and generous financial support enhances the Winston experience and enables us to provide the best tools and foundation for a well-rounded academic program while sustaining a nurturing environment.

On behalf of the Board of Trustees, I give thanks for the generosity of the Winston community. Your philanthropy helps write the story of the Winston School San Antonio as we boldly embrace the bright future of this unique and special place, we call Winston!

Sincerely,

William Carrington
Chairman of the Board

*Mr. Carrington pictured with his son, Claiborne Carrington,
Class of 2022*

The background of the entire slide is a photograph showing the hands of several people of different ethnicities and ages stacked on top of each other on a dark wooden table. The hands are of various skin tones, including dark brown, light brown, and fair. The wooden table has a prominent grain pattern. In the top left corner, there is a white banner with a black border and a wavy bottom edge.

D.R.E.A.M.S. GALA 2022

← → ↻ Honoree ☆ ⋮

David Monroe

The Winston School San Antonio was proud to honor David Monroe, the founder and board president of the San Antonio Museum of Science and Art (SAMSAT). Mr. Monroe truly represents the meaning of innovation. He was presented with an award that was conceptualized, printed with a 3D printer and fabricated by Winston students Matt Whitaker and J.R. Williams.

KeyNote Speaker

Scott Crenshaw

Business executive, leader and entrepreneur, Mr. Crenshaw shared his insights as a professional and a Winston Alumni parent on the night of the D.R.E.A.M.S. gala. His speech about what the future work force looks like for current students was an eye opener!

Technology Solutions Showcase

Intech Southwest

During the reception, guests were met with six (6) different stations that represented a letter in the D.R.E.A.M.S. acronym. Partnering with Intech Southwest, a leading provider of technology solutions for the education sector, attendees were able to have an interactive experience with technology solutions for Design, Robotics, Engineering, Arts, Mathematics and Science.

The Winston School San Antonio is grateful for our sponsors!
